United Nations Military Unit Manuals (UNMUM) Consultation Workshop for FHQ Support, Signals, Reconnaissance and Logistics Manuals

The Department of Peacekeeping Operations (DPKO) and the Department of Field Support (DFS) are developing 11 United Nations Military Unit Manuals to guide Member States on how to prepare units to undertake their tasks in peacekeeping operations (FHQ Support unit, Logistics, Reconnaissance and Signals). The Integrated Training Service (ITS) of the Policy, Evaluation and Training Division is developing specialized training materials for each of these manuals.

Course Objectives:

The aim of the Consultation Workshop is to vet the draft STMs to ensure practicability in their delivery and to obtain inputs from participants.

Target Audience:

Subject Matter Working Groups and experts from Member States

Participation:

By invitation from ITS
