Mobile Training Team (MTT)-ToT on United Nations Staff Officers' Course (Francophonie)

The primacy of the United Nations in peacekeeping keeps increasing with continuous growing number of complex crises that pose threats to international peace and security. The United Nations has accordingly introduced a multidimensional approach to peacekeeping which has also come with new challenges, especially on performance standards of military staff officers at the Force and Sector Headquarters. Staff officers, thus, need to be proficient in the performance of their duties in order to ensure effective mandate implementation. This course will be conducted in the French language.

Course Objectives:

The aim of this course is to equip staff officers with the needed knowledge to enable them better perform their interfacing roles between strategic/operational and tactical roles to ensure effective mandate implementation.

Target Audience:

Staff Officers from Francophone TCCs

Participation:

By invitation from ITS
